

POLYKEN®

PATCO®

PERFORMANCE ENGINEERED TAPES

TOUGH FILMS AND TAPES FOR HARSH MARINE ENVIRONMENTS

Choose Vybond Films paired with Polyken and Patco Tapes engineered to perform whether it is full renovation of a yacht or just transporting leisure boats accross the country.

OEM/Transportation

- Application: Boat/pontoon and modular homes manufacturers shrink wrapping vessels for transportation.
- Materials: 7 mil UV PE tape and 7 mil PE film (or 9 mil tape for large yachts).
- Use: Primarily for sporting and pontoon boats; Polyken 767 7 mil UV PE tape recommended.

Long-Term Boat Storage

- Application: Wrapping pleasure boats for long-term storage in colder climates.
- Materials: Standard PE film and preservation tape.
- Use: Withstanding UV and weather exposure; Patco 5400 preservation tape recommended, Patco 526 for extreme cold.

Maintenance

- Application: Luxury yacht refurbishment, tenting during dry dock maintenance.
- Materials: 9 mil UV PE tape and possibly FR film.
- Use: Completely encasing vessels for 4-6 months; Polyken 769 9 mil UV PE tape recommended.

YBOND™

THE MARINE FILMS AND TAPES LINEUP

Reliable protection, whether you are shielding assets during sandblasting or needing a robust blanket during transportation or weatherization. Pair Polyken® and Patco® Tapes with Vybond Films for comprehensive asset security and job site safety.

Designed for durability, with UV inhibitors in BOTH the tape adhesive and the backing, our film systems safeguard boats and heavy equipment during storage, transportation, and industrial activities.
