

## NEW! 150 Series Acrylic Adhesive Tapes

Introducing our new **Adchem 150 series** solvent acrylic double-coated and transfer tapes. The 150 series provides an economical bonding solution for a broad range of end-use applications in the industrial, automotive, and appliance/white goods markets. Exhibiting moderate peel strength and high tack, new 150 series tapes are available in a variety of construction and release liner options. In addition to these standard constructions, this high performing acrylic adhesive formulation can even be deployed to a customized tape that meets your specific application requirements.

### Recommended Applications:

- Mounting and securing nameplates, decals, graphics, and trim
- Gaskets and seals
- Foam bonding
- Splicing foil, paper, and more
- Automotive and appliance interior mounting of parts, acoustic, and insulation materials
